

HEFEWEIZEN

Crafted for our forever Florida summer, this velvety, medium-bodied wheat beer is extremely refreshing with a slightly dry finish. This hefeweizen is a blend between the traditional Bavarian and American styles and has notes of banana, vanilla, and bubble gum, with a fresh citrus finish that comes from additions of freshly peeled orange-zest. Rain or shine, it's the perfect beer for everyone under the sun.

PAIR WITH:

Delicate seafood, white pizzas, roasted pork, baked chicken, salads, light pastas, fruit, creamy cheeses, and of course German sausage and schnitzels.
